TEETH

The jaguar has teeth that are perfect for catching and eating meat.

DID YOU KNOW?
The last teeth on the upper jaw of every cat are sideways.

HEIGHT AND WEIGHT

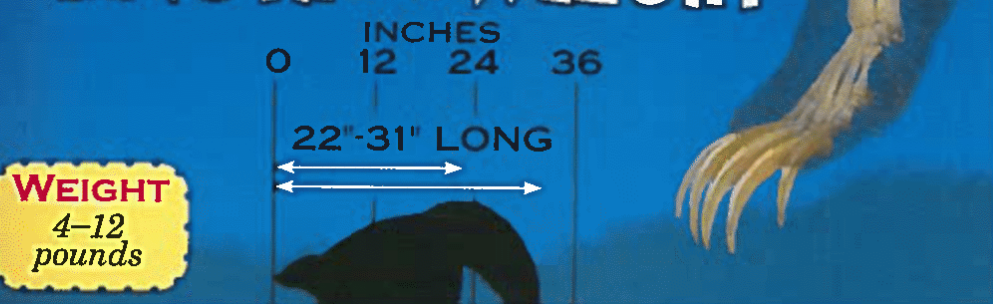

LITTLE JAW

The skunk has small teeth, but they do the job!

DID YOU KNOW?
A skunk's smell is made up of seven chemicals.

DID YOU KNOW?
Some skunks do handstands so they appear larger.

LENGTH AND WEIGHT

MORE WEAPONS

The jaguar has other weapons besides its huge teeth and strong jaws.

SHARP CLAWS

CAMOUFLAGE

SPEED/QUICKNESS

ONE WEAPON

Maybe all you need is one secret weapon. The skunk's ability to create a terrible smell has kept it safe for millions of years.

DID YOU KNOW?
The skunk can shoot its spray up to six times in a row before it runs out.

FACT
Skunk spray is highly flammable.

STINK

WHO HAS THE ADVANTAGE?

JAGUAR

SKUNK
