**Are you ready to upgrade your  
online learning experience?**

---

On September 30th Lynda.com will officially be upgraded to LinkedIn Learning!

**LinkedIn Learning gives you access to over 13,000 courses including:**

- Language learning courses in English, French, German, Japanese, Spanish, Mandarin, and Portuguese.
- Software tutorials in Adobe, Microsoft and more.
- Leadership, management and communication courses.
- Computer programming courses in languages like Python, C++, html, Java and others.
- Courses in starting and managing your own business.

When you upgrade your Lynda account to a LinkedIn Learning account you will be required to create a LinkedIn profile. If you already have a LinkedIn account, you will be prompted to link your account to LinkedIn Learning.

Don't worry, you can choose who sees your profile and learning activity in the privacy settings. Creating an account allows LinkedIn to tailor your learning content and make your experience even better.

Your certificates and learning history will migrate to LinkedIn Learning when you upgrade your account. For more information visit our FAQ ([LINK](#)).
