

## Home delivery: Ease, safety, convenience

### What is home delivery?

Through your prescription benefit, you can get up to a 90-day supply of long-term maintenance medications delivered right to your door, with free standard shipping.

### How easy is it to try home delivery?

Very easy, because it's part of your benefit. Visit [express-scripts.com/90day](https://www.express-scripts.com/90day) and sign in, or call us at the toll-free number on your member ID card. We'll ask you for the information we need.

### Do I need to call my doctor about this?

Most people prefer to have us contact their doctor to get a new 90-day prescription for home delivery. Just visit [express-scripts.com/90day](https://www.express-scripts.com/90day), sign in and choose which of your current long-term medications you'd like to receive through home delivery. We'll take care of the rest.

### How long will it take to get my medication?

When you fill a prescription through home delivery for the first time, you should receive your medication within 8 days after Express Scripts receives your order. Refills are usually ready sooner — within 3 to 5 days.

Join the millions of others who have  
chosen to get their medications  
delivered at home, for less.

For the affordable and convenient pharmacy care you need, choose home delivery today.

### Health and safety support

- Our pharmacists are available 24/7 to help answer your medication questions.
- Licensed pharmacists have in-depth training in the medications used to treat specific conditions, such as high blood pressure, high cholesterol and diabetes.

### Cost-saving services

- You'll typically pay less by getting up to a 90-day supply — with free standard shipping.
- Savings notifications let you know when you have new ways to save.
- Prescription benefit specialists can help you find other cost-saving opportunities, such as using generics.

### At-home convenience

- Enjoy free standard delivery right to your home.
- Automatically receive refill reminders by email or our mobile app so you never run out.
- Refill your medication by phone, online or with our mobile app.
- With your permission, we will contact your doctor when it's time to renew.

### Mobile pharmacy

- Use the Express Scripts® mobile app to refill prescriptions, view alerts, search for potential savings, find a local pharmacy and check order status — wherever, whenever.
- The app is free to download. Simply search for "Express Scripts" in your mobile device's app store, download it and sign in today.
