## Library Unbound

Structuring the Organization for Success

#### Intro

"You want to know what separates those who make the biggest impact from all the others who are just as smart? They're hedgehogs."

Marvin Bessler, from Good to Great

#### Our Mandate

#### Mission

We grow smarter communities, one person at a time.

#### Vision

To be the Community's hub for critical thinking, creative problem-solving, and lifelong enrichment.

#### 20-year Goal

Everyone in the community uses a library service by 2035

## Prioritizing the Next Three Years

Breaking the 20-year goal down

Learn Smarter

Work Smarter

Live Smarter

## Think Like a System

Focus on shared priorities:

Learn Smarter – Prepare youth for learning

Work Smarter – Connect the Library to businesses

Live Smarter – Improve quality of life

#### Deliver Results that Matter

#### **Learn Smarter**

- 1. Rollout ONEcard across all Oklahoma County schools.
- 2. Create system-wide early literacy program for children ages birth 3, and their caregivers.
- 3. Create system-wide homework help service for students.

#### Deliver Results that Matter

#### **Work Smarter**

- 1. Create an employee account program for Oklahoma County employers.
- 2. Develop a system-wide workforce development program tailored to build members' skills and make them more employable/promotable.
- Develop a system-wide program that prepares and enables entrepreneurs to launch new small businesses.

#### Deliver Results that Matter

#### **Live Smarter**

- 1. Simplify the processes necessary to create a Library account, so that 85% of members can attain an account 24x7x365 without needing to visit a library.
- 2. Enhance public technology to reduce our members' waittime for applications, devices, and access to an acceptable period.
- 3. Develop a system-wide program that enhances our members' knowledge and enjoyment of locally relevant content, services, and experiences.
- 4. Develop a system-wide program that focuses on bringing the collection to life through presentations, discussions, and interactive events.

### New Concept for Metro

- Prioritize the next three years
- Think like a system
- Deliver results that matter
- Align people and processes for success

## Alignment

Align our staff resources to with our priorities and strategies to *ensure* the achievement of <u>Library</u> <u>Unbound</u>.

This means significant changes to some departments, teams, and jobs.

Focus will be on shared, system-wide priorities that deliver real results.

## Why is Alignment important?

We need to give ourselves the best chance for success by:

- 1. Focusing on system-wide priorities and initiatives
- 2. Building a more effective and resilient management structure and succession plan
- 3. Delivering opportunities for staff advancement and career development
- 4. Changing what doesn't work
- 5. Prepare for Class & Comp

#### Benefits

- Opportunities for best placement for staff
- Increase job satisfaction and reduced stress
- Career paths across the system
- Fewer vacancies with less turnover
- More support for supervisors and staff
- Faster hiring turn-around
- Increased quantity and quality of professional development
- Increased M & M
- Increased Net Promoter Score (NPS)

#### Costs

- Increased stress during transition
- Increased time to communicate
- Will require training for some (staff and supers)
- Initial loss of productivity (especially during)
- Some won't want to do it self-select out
- Real dollars for salaries and associated costs

#### What It Will Mean

- 100% employment no reduction in force
- No loss of wages or salary
- Options new positions/responsibilities
  - √ Where do you see yourself?
  - √ Where do you want to be?
  - √ Where do you best fit?
- Career path advancement for all
- Succession plan for the system
- Still in planning phase lots of work yet to do!

### **Public Services**

## Project Team

- Plan and implement the alignment effort:
  - ✓ Scope
  - ✓ Schedule
  - ✓ Budget
  - ✓ Functional teams

- **✓**HUM/OD
- ✓ Libraries
- **✓** BUS

• Reps from:

- √ Kay Bauman
- ✓ Michele Gorman
- ✓ Tim Rogers

- Communicate progress and challenges to staff
- Small team to work fast

## Who will be affected, and how?

Everyone, but some more obviously than others ...

#### What we know right now:

- 100% employment no reduction in force
- No loss of wages or salary
- Options new positions/responsibilities
  - √ Where do you see yourself?
  - √ Where do you want to be?
  - √ Where do you best fit?
- Career path advancement for all
- Succession plan for the system

## Steps of the Alignment

#### People and process changes:

- 1. Exec leadership (CFO, COO, CLXO) & senior mgrs
- Training and internal communications staff (OD/HUM)
- 3. Learning Experiences infrastructure
- 4. Access & Engagement management
- 5. Access & Engagement staff functions

## Question: What happens to my pay?

Short answer: No one's pay goes down.

 Longer answer: If you move to a new position, your pay could go up.

 Also, the Class & Comp study may move salary ranges, but it won't move individual salaries or wages.

#### Question:

## Will I get transferred?

 When transfers are necessary, we will have to make them, and they will be coverage based

If we have 5 Adult Services Librarians at Almonte and no Children's Librarians – we may need to do a swap with another library

 We won't just move people without talking with them

If you want a new opportunity, it may be elsewhere

## Question: Will my supervisor change?

• Too early to tell -- some may change, many will not

Based on need of job and best fit

## Question: What if I want to do a different job?

- There will be opportunities for change
- Up, down, lateral
- Where do you see yourself?
- Where do you want to be?
- Where do you best fit?

### Question:

## Will I need to apply for new jobs?

- Too early yet to answer definitively
- OD/HUM will develop processes for this and communicate them as part of the Alignment
- Examples of when you might have to apply:
  - ✓ Promotions
  - ✓ Job is outside of current area of expertise/experience
  - ✓ Multiple internal applications

## Question: Will vacancies be "internal only?"

- Too early yet to answer definitively
- OD/HUM will develop processes for this and communicate them as part of the Alignment

# Question: What is happening with existing vacancies?

- Case-by-case assessment and hiring
- May need the vacancies for the Alignment
- Will discuss with each manager next week

#### Question:

Lot's coming up ... SRP, Class & Comp, Pilot Projects ... should we wait?

No.

- We can provide services (including SRP) during the Alignment
- Class & Comp needs the info from the Alignment
- Pilot Projects will be assessed with lead and mgr
- We expect productivity to decrease during Alignment
- This is about the long haul.

## Question: When will we hear more?

- Next week ... and every week after
- Transparent processes
- Open communication
- Intranet section devoted to Alignment

### Question:

## What can we do to help?

- Learn to explain and share
- Openly support the plan your job is to get onboard and get others on too
- Encourage Q&A with staff
- When you don't know, get with someone who does
- Share concerns with your supervisor or the Project Team in positive way

## Question: What will the schedule look like?

### What's next

- Communicate with Xchange
- Announcement to staff
- Project team kick off
- Begin weekly updates
