(Revised 2/18/2014)

Product Name: Enter exactly as it appears on the label for each item.

Manufacturer: Enter the name of the manufacturer as it appears on the label.

Mfg. Part Number (if indicated on label): This could be referred to as a catalog number, color number or paint number (example: paints require a part number and chemicals require a catalog number).

Physical State: Indicate the physical state of each item (aerosol, gel, solid, liquid,, foam, powder).
Be sure to inventory all chemicals at your location. Once completed, all staff will have access to Safety Data Sheets electronically, no more huge binders!

Due to to Candace McDaniel by March 1, 2014.
