### Get ready for Summer with our Reader's Advisory!

Ruby Soutiere from Materials Selection will share some of her favorite resources for finding good reads and we'll have table discussions about genre-specific suggestions in Street Lit, Graphic Novels, Inspirational Fiction, Suspense and Paranormal titles.

Plus, we want you to bring your favorites to share  
with the group:

Top Ten lists for genres or just good reads, websites, blogs, wikis ...  
any resource you would like to share for finding good books

(If you'll email them to Angela Thornton, we'll make the copies for you and have them ready the day of the meeting!)
