Kay informed the managers that memberships to national organizations are not funded by the system and recommended that if interested in various local leadership groups to request it in the budget.

Kay briefly discussed the calibration process for appraisals. She told the managers not to use the copy and paste function in the online appraisal form unless you use 'unformatted'. If you copy and paste from Word or an email, it causes formatting problems in the appraisal program, so either type directly i nto t he p rogram or I earn h ow t o p roperly un-format e verything. M anagers w ere encouraged to explain the process to staff.
