

TLC Upgrade Notes

CARL.X 9.7.6 & CARL.Connect 1.7.1

CARL.X 9.7.6 – No Updates

CARL.Connect 1.7.1

During this release, TLC mainly worked on bug fixes. They continued implementing the style changes to assist with usability and accessibility compliance. Main style changes are having yellow updated to purple, and all lower case updated to mixed case.

CARL.Connect Bug Fixes

There were many bug fixes related to CARL.Connect in 1.7.1:

- A bug was found where using a scanner to scan in a new barcode in User Information was not working. (Metro reported bug)
- The Patron ID hyperlink no longer worked in the Who Notes of an item. This has been fixed. (Metro reported bug)
- Manage > Holds
 - A bug was discovered where the Clear Expired is selected, followed by Continue, the item clears. However, if the next item in the list is removed, the first item that was cleared will repopulate on the list. (Metro reported bug)
 - A bug was found in Update Pick Up Branch where the login branch was listed. Now, all valid pickup branches minus the login branch appear in the drop down.

Items

Based on feedback from CARL libraries, the title details have been condensed and rearranged to take up less space on the page.
