

## **Warr Acres Service Plan for FY '13**

- 1) **MLS Mission:** The Metropolitan Library System facilitates the free flow of information and ideas by providing access to materials, services and programs to Oklahoma County's diverse community.
- 2) **Current Library Information for the Warr Acres Library**

- a) **Description of Facility**

The Warr Acres Library, located at 5901 NW 63 in Warr Acres, Oklahoma, has served the residents of Warr Acres and northwestern Oklahoma City since 1967. The spacious 12,500 square foot building sits on the north side of NW 63 in the West Park Mall. The library was built with bonds issued in 1965 and with federal matching funds. The library's interior received a facelift in 2001 as new carpet, chairs & tables, shelving, and desks for the circulation and reference areas were purchased. In 2007, the library parking lot was resurfaced. The public restrooms received a facelift in the summer of 2009. The exterior of the library received a much needed coat of paint in 2010; some of the interior walls were also refreshed. One of the unique features of the library is the fireplace in the reading area. There is also an aquarium that continues to fascinate young children. The library has seating for 73 customers.

- b) **Community Profile**

According to the 2010 census, Warr Acres has a population of 10,043. The fact that the population total has changed little since the 2000 census is not surprising since Warr Acres is completely surrounded by other municipalities and is almost completely developed. The population of Warr Acres is predominately white with 9.8% black, 5.7% Indian, 2% Asian, and 20% Hispanic. The minority populations appear to be increasing, especially the Hispanic population. According to the 2005-2009 American Community Survey estimates, eighty-eight percent of Warr Acres' residents are high school graduates and 21% have a bachelor's degree or higher. The median household income is \$36,187 with 15% of the families living below the poverty level. Many of the people who use the library do not reside in Warr Acres itself, but in Oklahoma City, Bethany, Yukon, or Piedmont. The demographics of the areas to the east and south of Warr Acres are very similar to the town's statistics (using surrounding zip codes). However, the areas north and west of Warr Acres have less Hispanics, higher attained educational levels, and significantly higher median household incomes.

Warr Acres has no central business district, no major industries, and no large retail stores. However, numerous small businesses can be found on MacArthur between the Northwest Expressway south to NW 36 Street. There are also several small businesses located on both NW 63 and NW 50 Streets. West Park Mall, where the library is located, has deteriorated significantly in the last two years; only two small stores are still in business. The local post office has been relocated to a newly remodeled Postal Service building just west of the library. The City Hall, the Police Department, and the Fire Station

are located on NW 49 just west of MacArthur. The major road construction on MacArthur between NW 63 and NW 50 was finally completed; the city hopes to add a center turn lane between NW 50 and 39<sup>th</sup> Expressway on MacArthur in the future. Warr Acres now has a hotel located on the NW Expressway just east of MacArthur; other new businesses have been built near the hotel. Construction continues in a new housing development in Warr Acres called Cherokee Crossing; the area is located just south of the Northwest Expressway and east of MacArthur. Eventually, this area will have more than 200 new single family dwellings.

3) **MLS Strategic Plan—Your Inviting, Innovative Link to the World**

a) **Service Responses**

i) *Satisfy Curiosity: Lifelong Learning.*

- 1) All ages realize their library offers topics in a variety of formats they find captivating and enriching to their lives.
- 2) Residents see their library as a resource for introductions to an assortment of cultural, civic and/or community interests.

ii) *Visit a Comfortable Place: Public & Virtual Places.*

- 1) All ages appreciate their library for its designated places for quiet reading or studying and as a place for social or business activities.
- 2) All ages recognize their library as a great place both physically and virtually to interact with others due to the noteworthy opportunities provided.

iii) *Know How to Find, Evaluate & Use Information: Information Fluency.*

- 1) All visitors can expect library staff to have up-to-date knowledge, skills, and abilities to deliver library services.
- 2) All ages can expect friendly guidance on how to locate the best information resources to meet their request or needs.

iv) *Connect to the Online World: Public Internet Access.*

- 1) All ages discover that their library has current equipment, tools and training for the public to responsibly access the digital world.

- 2) Adults understand that using the Internet is beneficial to development for all ages.
- 3) All ages recognize and use their library's website and its resources as an extension of the physical library.

**b) Service Responses to address FY '12-13; Satisfy Curiosity: Lifelong Learning and Visit a Comfortable Place**

- i) To encourage lifelong learning, librarians will continue to promote reading and library use at local schools by adding two more schools to our school visitation project while revisiting schools given presentations in the fall of 2012.
- ii) To make the library a more comfortable place, a budget request for new adult seating will be included in the FY '12-13 budget. Several of the current chairs have broken and the seven year warranty is long past.

**c) Review of Previous Year's Objectives**

- i) Regarding the goal of making the customers more aware of the variety of formats available, we have had some displays that included various formats. Materials lists or bookmarks have not yet been included in one of these displays.
- ii) Regarding the goal of encouraging lifelong learning through the local schools, the first school will be scheduled for visits in October 2011 and another probably in November.
- iii) Regarding the goal to become more involved in the community, I have broadened by contact with several city offices as well as police and fire, but have yet to spend time with local business owners.
